## Experience:

---

*System Administrator / Computer Science Afterschool Teacher : Contract*

Peninsula School District // Oakland, CA

Jan 17 – Now

Taught modules of Computer Science education to a 5th–7th grade level, in HTML and Python. Installed and configured chromebooks, printers, network nodes. Resolved issues and set policies, as well as made and modified user accounts. Educated staff on new technology.

*Web Developer : Contract*

Private Contract // <http://fitafforlife.com>

Aug 18 – Now

Full stack web development on WordPress, Bookly Pro, and WooCommerce. Building and maintaining a website for a personal trainer that includes calendar booking, a shop, and purchases.

*Software Developer*

Humboldt State University // Arcata, CA

Dec 17 – Jun 18

Backend Node.js development. Worked in a small team to develop a tool for CS Professors to submit, unzip, compile, execute, and then collect the output of student code -- saving the Professors valuable time grading and reviewing projects. Worked in an iterative development cycle with milestones and shifting objectives.
